

Ranch Ehrlo Society

LSEP education OPPORTUNITIES

Ranch Ehrlo's Life Skills Education Program (LSEP) is designed to meet the training and employment needs, as well as the high behavioral and/or medical accommodation needs, of clients who will benefit from non-traditional school and vocational services. LSEP provides a variety of recreational, lifetime leisure, and pre-vocational and vocational skills development services.

LSEP's staff develop an Individualized Vocational Program for each participant which sets goals that are tailored to the participant's needs and abilities. The plan is regularly reviewed with participants, parents, school administrators, and the participant's residential and clinical team members to refine the plan and track progress towards agreed upon goals.

The LSEP team works with the participants to develop emotionally, feel comfortable in social situations, and be aware of socially acceptable behaviour within the workplace.

Program goals

- Improved daily living skills that include hygiene, social skills, money management, personal boundaries.
- Involvement in relevant cultural activities.
- Continued participation in individualized paid and volunteer community vocational activities.

Eligibility criteria

LSEP is a non-discriminatory program available to young adults, aged 16 and over, who want to work and require specialized care to help accomplish this goal.

LSEP works with participants from within Ranch Ehrlo's residential programs, as well as individuals in the community who are looking for opportunities to build some pre-vocational skills, improve their daily living skills, participate in a variety of activities and clubs, and want to make some friends.

Optional activity and classes

Music therapy (Sept. to June): weekly individual and group music therapy with a contracted certified music therapist.

Art class: (Sept. to June): weekly art, hip hop and yoga classes.

Health and wellness (ongoing) : LSEP job coaches implement health and wellness through various weekly activities including swimming, walking, and leisure center fitness. Each participant also works on their life skills booklets that teaches them proper nutrition, wellness, and hygiene. All participants are encouraged to participate.

Janitorial & culinary (ongoing): individuals and groups participate in daily janitorial and culinary activities including cleaning, maintenance, and meal preparation for program participants.
