Application Form

The Dr. Geoffrey Pawson Legacy Scholarship was established to honour the enduring impact of Dr. Geoffrey Pawson's vision, leadership, and unwavering belief in the potential of children, youth, and families.

Ranch Ehrlo invites applications from current and past individuals who have participated in Ranch Ehrlo programs, and who are committed to their continued growth and to creating meaningful opportunities for their future through education, training, or skill development.

Applicants can submit their responses in the format that works best for them, including written, video, or audio submissions. The highest value is placed on personal stories, goals, and lived experiences, rather than formal academic records. What matters most is effort, growth, and clear intention, not perfect writing.

The value of the Dr. Geoffrey Pawson Legacy Scholarship may vary each year based on available funding and the number of applicants selected. Individual awards may range, with the intent of supporting multiple recipients whenever possible.

As a general guideline, the typical annual scholarship is not to exceed $5,000 per recipient per year. To reflect different types of learning opportunities, awards may be tiered as follows:

a. Up to $2,500 for micro credentials and certificate programs.
b. Up to $5,000 for degree, diploma, apprenticeship, or trade programs.
